With regard to the data processing to be described in more detail below, users and data subjects have the right

- to confirmation of whether data concerning them is being processed, information about the data being processed, further information about the nature of the data processing, and copies of the data (cf. also Art. 15 GDPR);

Likewise, under Art. 21 GDPR, users and data subjects have the right to object to the controller's future processing of their data pursuant to Art. 6 Para. 1 lit. f) GDPR. In particular, an objection to data processing for the purpose of direct advertising is permissible.

III. Information about the data processing

Your data processed when using our website will be deleted or blocked as soon as the purpose for its storage ceases to apply, provided the deletion of the same is not in breach of any statutory storage obligations or unless otherwise stipulated below.

Cookie Manager

To obtain consent for the use of technically unnecessary cookies on the website, the provider uses a cookie manager.

When the website is called up, a cookie with the settings information is stored on the end device of the user so that the request for consent does not have to be made on a subsequent visit.

The cookie is required to obtain legally compliant user consent.

You can prevent cookies from being installed by adjusting the settings on your internet browser.

Cookies

a) Session cookies

We use cookies on our website. Cookies are small text files or other storage technologies stored on your computer by your browser. These cookies process certain specific information about you, such as your browser, location data, or IP address.

This processing makes our website more user-friendly, efficient, and secure, allowing us, for example, to display our website in different languages or to offer a shopping cart function.

The legal basis for such processing is Art. 6 Para. 1 lit. b) GDPR, insofar as these cookies are used to collect data to initiate or process contractual relationships.

If the processing does not serve to initiate or process a contract, our legitimate interest lies in improving the functionality of our website. The legal basis is then Art. 6 Para. 1 lit. f) GDPR.

When you close your browser, these session cookies are deleted.

b) Third-party cookies

If necessary, our website may also use cookies from companies with whom we cooperate for the purpose of advertising, analyzing, or improving the features of our website.

Please refer to the following information for details, in particular for the legal basis and purpose of such third-party collection and processing of data collected through cookies.

c) Disabling cookies

You can refuse the use of cookies by changing the settings on your browser. Likewise, you can use the browser to delete cookies that have already been stored. However, the steps and measures required vary, depending on the browser you use. If you have any questions, please use the help function or consult the documentation for your browser or contact its maker for support. Browser settings cannot prevent so-called flash cookies from being set. Instead, you will need to change the setting of your Flash player. The steps and measures required for this also depend on the Flash player you are using. If you have any questions, please use the help function or consult the documentation for your Flash player or contact its maker for support.

If you prevent or restrict the installation of cookies, not all of the functions on our site may be fully usable.

Contact

If you contact us via email or the contact form, the data you provide will be used for the purpose of processing your request. We must have this data in order to process and answer your inquiry; otherwise we will not be able to answer it in full or at all.

The legal basis for this data processing is Art. 6 Para. 1 lit. b) GDPR.

Your data will be deleted once we have fully answered your inquiry and there is no further legal obligation to store your data, such as if an order or contract resulted therefrom.

Online job applications / publication of job advertisements

We offer you the opportunity to apply for jobs with our company via our website. In the case of these digital applications, we collect your application data electronically in order to process your application.

The legal basis for this processing is §26 Para. 1 S. 1 BDSG in conjunction with Art. 88 Para. 1 GDPR.

If you are hired as a result of the application process, we will store the data you provide during the application process in your personnel file for the purpose of the usual organizational and administrative process, naturally in compliance with further legal obligations.

The legal basis for this processing is §26 Para. 1 S. 1 BDSG in conjunction with Art. 88 Para. 1 GDPR.

If we do not hire you, we will automatically delete the data submitted to us two months after the final decision is made. We will not delete the data, however, if we must store the data for legal reasons such as evidence of equal treatment of applicants, until any legal action is concluded, or four months.

In this case, the legal basis is Art. 6 Para. 1 lit. f) GDPR and §24 Para. 1 No. 2 BDSG. Our legitimate interest lies in any legal defense we may have to mount .

If you expressly consent to a longer storage of your data, e.g. for your inclusion in a database of applicants or interested parties, the data will be processed further on the basis of your consent. The legal basis is then Art. 6 Para. 1 lit. a) GDPR. You may withdraw your consent at any time with future effect per Art. 7 Para. 3 GDPR with future effect.

General introduction

General linking to third-party profiles

The provider includes a link on the website to the social media listed below.

The legal basis for this is Article 6 para. 1 lit. f GDPR. The legitimate interest of the provider is to improve the quality of use of the website.

The plugins are integrated via a linked graphic. The user is only forwarded to the service of the respective social media by clicking on the corresponding graphic.

After the customer has been forwarded, information about the user is recorded by the respective social media. This is initially data such as IP address, date, time and page visited. If the user is logged into his/her user account of the respective social media at the same time, the social media operator can, if required, assign the information collected from the user's specific visit to the user's personal account. If the user interacts via a "Share" button of the respective social media, this information can be stored in the user's personal user account and, if required, be published. If the user wants to prevent the collected information from being directly assigned to his/her user account, the user must log out before clicking on the graphic. It is also possible to configure the respective user account accordingly.

Facebook plug-in

Our website uses the plug-in of the Facebook social network. Facebook.com is a service provided by Meta Platforms Ireland Limited, 4 Grand Canal Square, Dublin 2, Ireland.

In case you have granted your consent to this processing the legal basis is Article 6 para. 1 lit. a GDPR. The legal basis can also be Article 6 para. 1 lit. f GDPR. Our legitimate interest lies in improving the quality of our website.

Further information about the possible plug-ins and their respective functions is available from Facebook at

<https://developers.facebook.com/docs/plugins/>

If the plug-in is stored on one of the pages you visit on our website, your browser will download an icon for the plug-in from Facebook's servers in the USA. For technical reasons, it is necessary for Facebook to process your IP address. In addition, the date and time of your visit to our website will also be recorded.

If you are logged in to Facebook while visiting one of our plugged-in websites, the information collected by the plug-in from your specific visit will be recognized by Facebook. The information collected may then be assigned to your personal account at Facebook. If, for example, you use the Facebook Like button, this information will be stored in your Facebook account and published on the Facebook platform. If you want to prevent this, you must either log out of Facebook before visiting our website or use an add-on for your browser to prevent the Facebook plug-in from loading.

The data collected in this way is in turn used by Google to provide us with an evaluation of visits to our website and what visitors do once there. This data can also be used to provide other services related to the use of our website and of the internet in general.

Google states that it will not connect your IP address to other data. In addition, Google provides further information with regard to its data protection practices at

<https://www.google.com/intl/de/policies/privacy/partners>.
